Profile

Hello, my name is Karl Tammehoid, and I am an 18-year-old student from Kerava. I am currently in my second year of studying to become a software developer at Keuda, Kerava Keskikatu campus.

I consider myself a strong team player and collaborator, always striving to improve myself, whether at school or during my free time. I am also very meticulous and attentive, which helps me perform my tasks reliably and accurately.

Work Experiences

Software Developer - Internship at TUTORS Finland Oy
01/2024 — 03/2024

• Efficient problem reporting and fixing on company websites.
• Developer for personal projects, such as a dynamic website and a React-based project 'Codify', a Spotify clone.
• Part of an international survey project with students from Spain and the Netherlands.

Store Assistant - K-Market Keravan Asema
06/2023 — 1 Month

• Greeting and assisting customers.
• Displaying products and maintaining store cleanliness and order.
• Cashier duties under supervision, package service entries, and shelving.
• Collecting Wolt customer orders.

Education

KEUDA Vocational School, Kerava. Aug 2022 — Dec 2024

Information and Communications Technology - Software Developer

• Programming, data handling, and version control usage.
• Software design, implementation, and testing to ensure quality.
• Working as part of a software development team and communicating with clients.
